

How can I get a copy of my military records?

Most military records are stored at the National Personnel Records Center in St. Louis, Missouri.

[Visit the National Archives web site](#)

This is also an area where a congressional office can really help. If you are trying to get records from your military service, or that of a family member, feel free to contact my office. I will need your written permission to help with this issue. To make that easier, you can print out this [Authorization Form](#) , and fax or mail it to my Fayetteville office.

If you have any questions about this process or military records in general, you can contact my assistant for Veterans matters:

Questions? Call my office.
